BELGIAN GOVERNMENT
IS NOW ESTABLISHED
OVER FRENCH BORDER

Headquarters of Belgium Officials Are Transferred for the Third Time, Now Being Forced Onto Alien Soil

OSTEND FEARING
GERMAN ATTACK

Portion of Troops Which Conducted the Siege of Antwerp Are Now Moving Rapidly Toward the Northern Seaport

[ASSOCIATED PRESS DISPATCH]

LONDON, Oct. 13.—The headquarters of the Belgian government were transferred today to Havre. With the exception of King Albert, who remains at the head of the army, the minister of war, and the members of the cabinet with other government officials, and the diplomatic corps, left Ostend by steamer for the French port where they will carry on the affairs of state, where hospitality is offered them by the French government. The American and Spanish ministers, both of whom are still at Brussels, are the only diplomatic representatives accredited to Belgium remaining in that country.

In accordance with the new plan, the German invaders have begun to sweep across northern Belgium. Yesterday they occupied Ghent without opposition and are now said to be well advanced toward Bruges on the way to Ostend. They probably will meet strong opposition before they reach Bruges as the Belgian army is being reinforced. This is the third move of the Belgian capital since the Germans silenced the forts at Liege. The government was first moved to Antwerp from Brussels, thence to Ostend and today across the line to Havre. This final change followed quickly upon the Germans' westward advance which was begun immediately after the fall of Antwerp. The success in taking the chief port of Belgium opened the way for the new plan of campaign which embraces the occupation of the whole of Belgium, including the coast towns and if possible some northern French ports. All dispatches from the region of Bruges are strictly censored, so nothing was learned of the operations since the fall of Ghent into the hands of the Germans.

People are fleeing before the invaders and steamers from Ostend are crowded with refugees. The Germans are making a simultaneous western advance in southern Belgium, while across the border in France a whole army corps has occupied Lille and cavalry has been seen as far west as Hazebrouck, which is on the railway leading from both Calais and Dunkirk. French forces which had been sent to cut off, if possible, this attempt to reach the coast, according to a French official communication this afternoon, have taken the offensive against the Germans. This movement, besides being a distinct menace to the allies' left wing, if successful, would arouse great enthusiasm in Germany as an indication of the promised attack on England by airship, otherwise about to be carried out.

Already bombs have been dropped on Ostend from aeroplanes which.

BRITISH CONSUL
LEAVES OSTEND

WASHINGTON, Oct. 13.—The British consul at Ostend has placed his interests in the hands of the American consulate and will leave tomorrow, the occupation of the city by the Germans being expected. Consular dispatches to the state department said that Bruges is already in the hands of the Germans.

French Welcome
The Belgians to
City of Havre

[ASSOCIATED PRESS DISPATCH]

BORDEAUX, Oct. 13.—A portion of the Belgian government diplomats left Ostend this morning for Havre, where the French government has taken measures for the installation of the Belgian government.

The care of all wounded convalescents has been entrusted to the municipality of Ostend. King Albert remains in Belgium at the head of his army. The minister of war and other members of the Belgian cabinet will also remain. Concerning the move of the Belgian army government the following official notice was given out in Bordeaux today.

"The Belgian government, not finding on its own territory the freedom necessary for the exercise of its authority, has asked the hospitality of the French government and permission to establish its government at Havre. The French government has replied promptly, setting forth it will be sincerely glad to receive King Albert and the Belgian government at Havre and guarantee them the full exercise of their authority."

"The French minister of marine, M. Amann, has gone to Havre to receive the Belgian government which will reach here today."

LOSES RACE WITH DEATH

Son Dies From Football Injuries Before Father Reaches Bedside

[ASSOCIATED PRESS DISPATCH]

PHILADELPHIA, Oct. 12.—A four thousand mile race to reach their son before he died was lost by the parents of nine-year-old John P. Heller, whose death from injuries received in a football game were reported today to the coroner.

Clyde A. Heller, the boy's father, is president of a mining company with interests in Alaska. He and Mrs. Heller were in Vancouver on their way to Alaska when informed that their son was seriously injured. Chartering a boat and a special train to San Francisco, they hurried to this city, only to learn that the boy had died.

WOMAN ASSISTANT
DISTRICT ATTORNEY

SAN FRANCISCO, Oct. 13.—Mrs. Annette Abbott Adams, the first woman federal assistant district attorney, took the oath of office here and began work as fourth assistant under John W. Preston, United States district attorney for northern California.

Stringent Regulations Are
Enforced In Antwerp City

[ASSOCIATED PRESS DISPATCH]

LONDON, Oct. 13.—"Municipal employees at Antwerp have been forced to swear allegiance to the German empire" says the Evening News correspondent at Bergen-Op-Zoom, in a Monday dispatch.

"The policemen were allowed to retain their arms. The police were ordered to remove all Belgian flags from the houses. The usual regulations enforced at Liege, Verviers and other Belgian towns, were introduced at Antwerp."

"These rules include the obligation to light houses at night and leave the doors open. The imperial standard is to be saluted when the army is passing."

Progressive Meeting at Tempe

The progressive state candidates who have just returned from a tour of the north will address the citizens of Tempe tonight, October 14. Voters of all parties are urged to be present, for what the candidates will have to say is of equal interest to all. Among the speakers will be Hon. George U. Young, candidate for governor; Dr. J. B. Nelson, candidate for United States senator, and Captain J. L. B. Alexander, candidate for Attorney general.

SOUTH AFRICAN
TROOPS ARE NOW
IN REBELLION

Officially Announced That Forces of Northwest Cape Province Quits and Martial Law Obtains Throughout the Union

MARITZ SERVING
TWO MASTERS

He Had Been Given German Rank as General and Arrested His Own Men Who Refused to Join the Germans

[ASSOCIATED PRESS DISPATCH]

CAPE TOWN, Union South Africa, Oct. 13.—It was officially announced that the command of Col. Maritz has rebelled in the Northwest Cape province. Martial law has been proclaimed throughout the Union.

The rebellion among the forces of the Northwest Cape provinces has been brewing since the resignation of Gen. Beyers as commander-in-chief of the Union forces. As soon as the government realized the situation it sent Col. Brits to relieve Maritz of his command. Brits then discovered Maritz was commanding German troops as well as his own, and that he had German guns in his possession.

Maritz, who had been given a German rank as general, had arrested those of his officers and men who were unwilling to join the Germans and sent them as prisoners of war to German Southwest Africa.

According to the official statement an agreement was drawn up between Maritz and the governor of German Southwest Africa guaranteeing the independence of the Union as a republic, ceding Walvis Bay and other parts of the Union to the Germans. It was the understanding the Germans should invade the union only if Maritz asked them to do so.

Maritz boasted that he possessed large supplies of guns, money and ammunition and that he would overrun the whole of South Africa.

"In view of this state of affairs," concluded the official statement, "the government is taking drastic steps to quell this rebellion and punish all rebels and traitors according to their deserts."

SAYS 40,000 RUSSIANS
PUT OUT NEAR PRZEMYSL

[ASSOCIATED PRESS DISPATCH]

LONDON, Oct. 13.—An official Berlin statement received by the Marconi wireless says:

"It is officially reported from Vienna that 40,000 Russians are killed or wounded near Przemyśl."

It is also officially announced that Petrograd that the siege of Przemyśl is progressing, according to Reuters' Petrograd dispatch. The Russian artillery is rapidly destroying the forts which continue energetic resistance. The garrison is reported not to exceed 20,000 men.

Heavy Fighting
Continuing In
Northern France

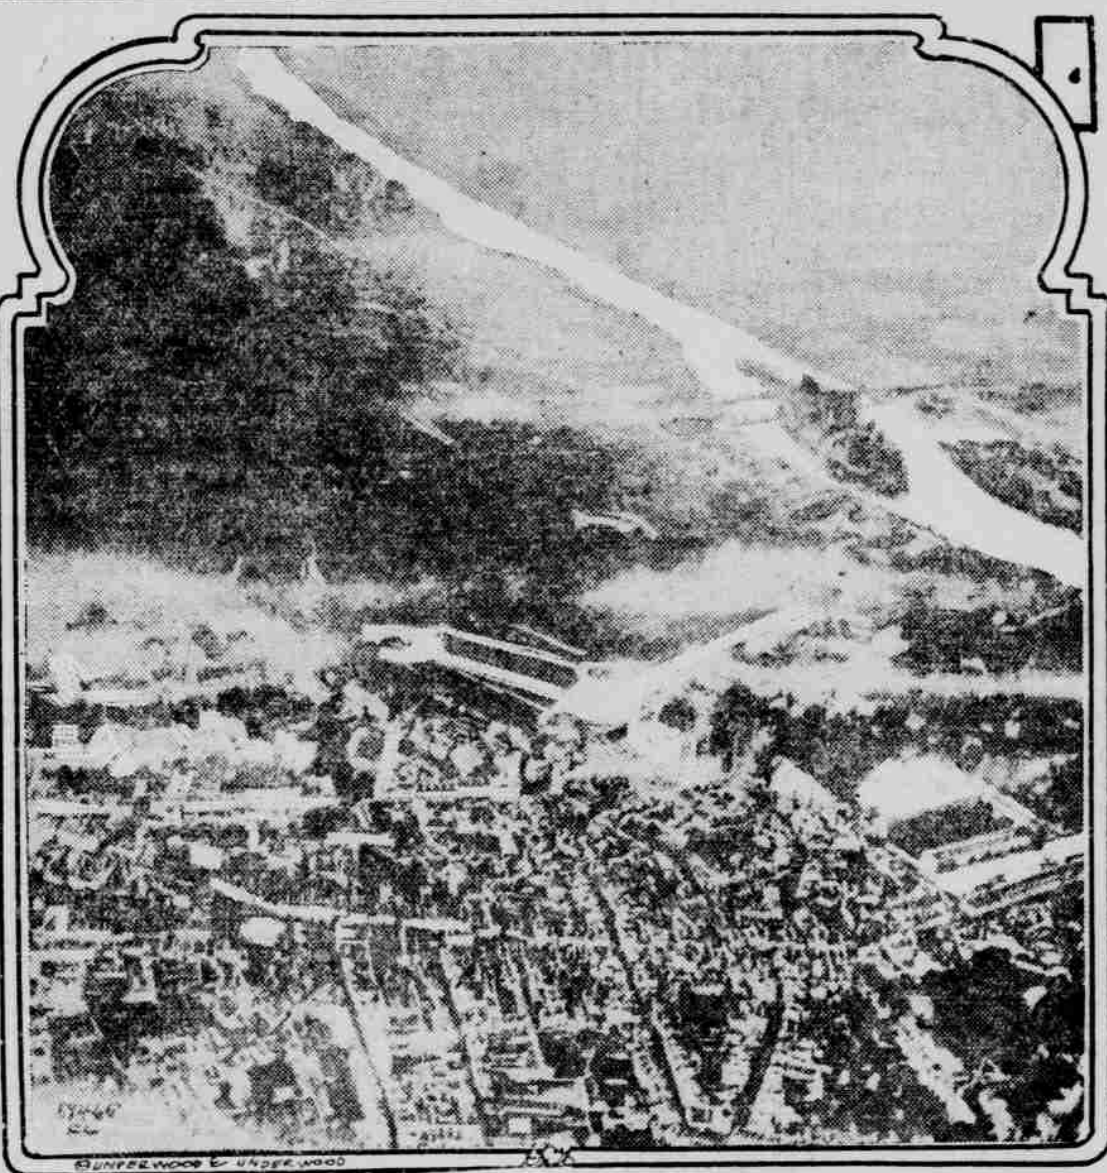

[ASSOCIATED PRESS DISPATCH]

BERLIN via Amsterdam, Oct. 13.—Heavy fighting continues in violent attacks made by the enemy east of Soissons were repulsed, it is said. The statement contradicts reports given out by the French army authorities regarding the success met with by the allies in the Woëvre region and denies other reports.

The communication is as follows:

"There is no important news from the western war theater and violent attacks made by the enemy east of Soissons were repulsed. Heavy fighting continues in the Ardennes. Our troops are moving forward through a dense underwood in very difficult ground with siege trains for use against the fortifications. The French troops offer an obstinate resistance, firing from the trees where machine guns are posted. Besides the rifle pits which are arranged in tiers, they have built strong points of support. All the French attacks at St. Mihiel were repulsed and Etain (twelve miles northeast of Verdun) remains in our possession."

This photograph of St. Germain, Paris, was taken from a German military aeroplane by Lieutenant Thin, who was awarded the Iron Cross for his flights.

VILLA BULLETS
CROSS BORDER
AT AGUA PRIETA

Mexican Fire from Besieging Forces Cross International Line While Residents of Town Hurry Out of Range

DOUGLAS, Oct. 13.—Mexican fire from the Villa faction besieging Agua Prieta again crossed the international line. One United States trooper received a shot through his hat and inhabitants near the border hurried northward to be out of range.

A statement of conditions here was telegraphed to Governor Hunt by Captain Roeder of the Arizona National Guard. Gov. Hunt made another appeal to the government at Washington for a more vigorous action by the federal border patrol.

Orders to Captain Seeley to go to Naco

"As soon as possible prepare to go in advance of your company to Naco, and in the absence of the adjutant general keep this department fully advised by wire of any developments endangering the lives and property of citizens."

This message from Gov. Hunt was delivered to Captain M. J. Seeley, commanding Company K, Arizona National Guard, on his return last night from the national rifle match at Ft. Riley, Kansas.

Orders to have their respective companies placed under waiting orders subject to transportation to Naco at any hour were sent out yesterday afternoon by Gov. Hunt, pending advice from the scene of the trouble and from the war department at Washington. As soon as arrangements can be made, Col. Charles W. Harris, adjutant general will leave for Naco to investigate the situation. Until his arrival, Capt. Seeley will represent him at the border town, where the forces of Gen. Benjamín Gil and Gov. Maytorena are still fighting for the mastery.

Telegrams flew thick and fast yesterday between the executive offices and citizens in Naco, who are panic-stricken over the shooting across the border. Following the receipt of a message from five citizens of Naco, protesting against the continuation of fighting in the vicinity of the American town and one from Secretary Bryan stating that the governor's telegram had been referred to the war department for action, Gov. Hunt wired that department direct, stating what steps had been taken toward sending militia to protect Arizona citizens and urging an immediate reply as to what action would be taken by federal troops.

Messages were also sent to Sheriff Harry C. Wheeler of Cochise county, advising him of the governor's action, and stating the governor's determination to use the National Guard so far as the federal troops at Naco will permit in the protection of life and property at that place.

Notices to the men of Companies A and B to hold themselves in readiness

CARDINAL GASPARRI
SUCCEEDS FERRATA

ROME (via Paris) Oct. 13.—Cardinal Pietro Gasparri has been selected by Pope Benedict XV as the papal secretary of state, vacated by the death of Cardinal Ferrata. Cardinal Gasparri was born just outside Rome in 1853, and was proclaimed a cardinal in 1907. He is the author of the new code of canon law. He was once secretary of state for extraordinary ecclesiastical affairs, which is a subdivision of the papal secretariat.

Ratification of
New Peace Treaty
With Guatemala

[ASSOCIATED PRESS DISPATCH]

WASHINGTON, Oct. 13.—Ratification of the peace commission treaty between the United States and Guatemala was exchanged at the state department today when the first of the conventions designed by Secretary Bryan to guard this nation from sudden war went into effect.

Each government is now engaged in selecting its representatives on a permanent commission created under the treaty to weigh all disputes between the two nations for at least a year before either country makes war-like preparations. The third commissioner will be selected by these two.

With the exchange of ratifications and the signing today of treaties with Ecuador and Greece, came the announcement that a similar convention with Sweden will be signed in a few days. Bryan made public the fact that he had the blades of a score of condemned army swords converted into paper weights in the form of plowshares which will be presented to the ambassadors or ministers of 24 powers now signatory to the peace commission treaties with the United States. On each will be engraved the prophecy of Isaiah:

"They shall beat their swords into plowshares. The hilts of the weapons were melted down to be presented to members of the senate foreign affairs committee."

The senate also made progress with the peace treaties today, ratifying those with China and Russia. Twenty-one out of 29 conventions have now been approved by the senate and await only the formal exchange of ratification to go into effect.

to proceed to Naco on short notice were posted at the local armory last evening, and similar orders were sent to all the companies in the state. However, until Adjutant General Harris reaches the scene of hostilities and reports conditions there, and until advice is received from the war department at Washington, no troops will be moved to the border.

Says Villa Is Bandit

EL PASO, Oct. 13.—General Francisco Villa has wired Luis Cabrera, civilian delegate to the conference, who is reported to have accused Villa in a speech of being a bandit and a traitor and exoriated the commander of the division of the north for the execution of the Diaz envoys.

ALL GLENDALE
OUT TO GREET
CANDIDATES

Mayor Young, Dr. Nelson and Captain Alexander Carry Message of the Party to the Voters of the Neighboring Town

(Special to The Republican)

GLENDALE, Oct. 13.—By far the most enthusiastic political meeting held in this town in many years was that of last evening when the leading candidates on the progressive ticket, addressed the major portion of the citizens of Glendale in an open-air meeting in the public park. There were no pretensions, but there were straight talks that carried meaning to everyone assembled and the impromptu reception that followed the regular program, no less than the frequent applause that greeted the punches in the speeches, indicate that Glendale will be found well represented in the progressive column on November 3.

Hon. George U. Young, mayor of Phoenix, and candidate for governor, accompanied by Dr. J. B. Nelson, son, candidate for United States senator, and Captain J. L. B. Alexander, candidate for attorney general, came over from the capital city in automobiles and were met by the progressive leaders, headed by Dr. J. M. Pearson. They were escorted to the park where seats had been provided and a platform erected.

In a few well chosen words Dr.

Pythian Grand Lodge Is
In Session At Globe

(Special to The Republican.) GLOBE, Oct. 13.—The opening session of the Grand Lodge, Knights of Pythias, here this morning found every one of the thirty-three lodges in Arizona represented by the respective delegates. The session began at 10 o'clock and the work of registering the delegates and certifying to their credentials, occupied the entire forenoon.

There is considerable business to come before the grand lodge and while the program calls for adjournment tomorrow, it is hardly likely that this will be accomplished and that it will be necessary to continue the sessions over until Thursday morning.

This afternoon the entire party of visitors in autos made the trip to the Old Dominion Mine and this evening the Pythian Sisters entertained at an informal reception and dance at the Masonic Temple. The work of conferring the rank of knight on a large class of esquires

LIFE COMPLETELY
OUT OF MACKMEN

Priceless Baseball Machine Falls to Pieces Before the Peppery Beantowners — New Record for Straight Victories

[ASSOCIATED PRESS DISPATCH]

BOSTON, Oct. 13.—The Boston National League club completed the most remarkable record in modern professional baseball by defeating the Philadelphia Americans in the fourth, and final game of the world's series at Fenway Park today by a score of 3 to 1.

Beginning with their rush from last place in the senior league the middle of July, the Braves have broken both traditions and records in the national sport with speed and abandon during the last three months. They emerged this afternoon as champions of the universe leaving a trail of startling surprises and upsets in their wake which will be hard to duplicate in years to come, and the last, but far from the least of their accomplishments was the overthrow in four consecutive games of the world famous baseball machine of Connie Mack with its hundred thousand dollar infield, its home-run heroes and its corps of skillfully blended veterans, and youthful pitching stars.

Tonight the new champions gathered under the management of Geo. Stallings are celebrating their accession to the championship throne, while the wreck of the Athletics' baseball juggernaut is bound for the home of William Penn, stunned and stupefied by the unlooked for calamity which, temporarily, at least, has wrecked it to its smallest cog.

About the Game

The new champions were first to score today, and except for the half inning when the score stood tied held the lead until the end. To Captain Johnny Evers fell the honor of scoring the initial run of the final game of the 1914 series. He opened the fourth session by working Shawkey for a pass, advanced to second on Connolly's infield out, moved to third on Whitted's single, and scored on Schmidt's infield out. The Athletics tied in fifth when Barry singled, took second on Schang's out, and scored on Shawkey's double. The Braves came back in their half, and won the game with two additional runs, both made with two outs. The Athletics appeared to lose heart, and never seriously threatened in their remaining sessions at bat.

The final game was the least exciting of the series. There were few of the brilliant plays not to be seen in games during a regular league season. Maranville made a great stop and throw on a hard hit ball by Collins, and Mann brought cheers on his fine running catch in the outfield. The batting was also of the ordinary kind. Whitted got two singles, Moran made a double, Evers, Schmidt, and Rudolph each got a base hit. It was their best offense of the series. Those failing to connect were Murphy, Schang and Pennock.

The world's series of 1914 is the
